In accordance with regulations and the delegated authority provided in Title 36, Code of Federal Regulations ("36 CFR"), Chapter 1, Parts 1-7, authorized by Title 16 United States Code, Section 3, the following provisions apply to all lands and waters administered by the National Park Service, within the boundaries of [INSERT NAME OF PARK]. Unless otherwise stated, these regulatory provisions apply in addition to the requirements contained in 36 CFR, Chapter 1, Parts 1-7.

Written determinations, which explain the reasoning behind the Superintendent's use of discretionary authority, as required by Section 1.5(c), appear in this document identified by italicized print.

I. 36 CFR §1.5 – VISITING HOURS, PUBLIC USE LIMITS, CLOSURES, AND AREA DESIGNATIONS FOR SPECIFIC USE OR ACTIVITIES

(a)(1) The following visiting hours and public use limits are established for all or for the listed portions of the park, and the following closures are established for all or a portion of the park to all public use or to a certain use or activity:

Visiting Hours:

- The visitor center and exhibit buildings are open to the public from 9:00 a.m. to 4:30 p.m. daily, including holidays, from the Saturday of Memorial Day weekend to October 31. From November 1 through Memorial Day weekend, only the grounds remain open to the public. Park grounds are open daily, year-round, from dawn until dusk.
- The visitor parking lot and all park grounds are closed to the public after dark.

Public Use Limits:

- Aspet, the historic home of Augustus Saint-Gaudens, is available by guided tour only. Guided tours are limited to twelve people.

Space in the historic home is limited and contains original furnishings and museum collections. Visitor numbers are limited in order to preserve and protect the structure and its contents.

Closures:

- The park superintendent may, due to severe weather or other safety concerns, close park facilities.

Visitor and staff safety are paramount. In the event of any unsafe conditions that may jeopardize the safety of people, park facilities may be closed if it is determined that specific course of action will mitigate the unsafe condition(s).

- The park is closed to recreational and sporting activities that potentially detract from the historic setting of the park, result in conflict among visitor use activities, or threaten natural or cultural resources.

The primary mission of the park is to interpret the life and cultural achievements of an American artist, which is accomplished in a museum setting. Activities that are incompatible with the operation of a museum are not permitted.

- Bicycles are not permitted on the lawns, gardens, meadows, pedestrian walkways and the nature trails of the park.

Maintenance of the manicured cultural landscape of the park is crucial for interpreting the historic scene and fulfilling the park mission. Bicycling in these areas is incompatible with preservation maintenance, as well as visitors/pedestrians.

(a)(2) The following areas have been designated for a specific use or activity, under the conditions and/or restrictions as noted:

First Amendment Assembly Area:

- A Special Use Permit may be obtained from the Superintendent's Office for the purposes of public assembly. The designated assembly area is the lawn to the south of "Aspet" and west of the brick path from the entrance of the house to Saint-Gaudens Road.

The following restrictions and/or conditions are in effect for the specific uses or activities noted:

Passenger Carrying Busses:

- Engines must be shut down when not underway.

The idling of bus engines adds unnecessary exhaust fumes to the air and diminishes the enjoyment by visitors of the peace and tranquility of the park.

II. 36 CFR §1.6 – PERMITS

(f) The following is a compilation of those activities and/or public uses for which a permit from the superintendent is required:
